

Security Shutters

Roller Shutter Manufacture and Installation

Ladram Bay Holiday Park, South Devon – Barricade Shutters

Over the years we have fitted and maintained many shutters at Ladram Bay. We had just finished work on their bar area upgrade with the completion of fitting shutters on the main bar as well as the childrens area when we were asked to look at the climbing wall area.

The park needed to secure the area when closed but also needed a cost effective solution for the five metre long area. The answer came with our Barricade sliding shutter, a cost effective solution to securing large areas. The area is completely open during the day but can be fully secured when the climbing wall is closed.

Barricade Sliding Shutters

The Barricade Collapsible Gate is a strong sliding collapsible grille that neatly folds back when not in use.
